

# State Auto Safety 360<sup>®</sup>

Safety and savings. **It all comes back to you.**

## Savings

Earn a 10%\* participation discount when you install the device and up to 50%\* off of your personal lines auto premium for a safe driving score.

## Quick Care benefit

If you're in an accident and it registers on your installed Safety 360 device, it'll notify us so we can reach out at the scene to help you with towing and start your claim if you choose, saving you time and stress. Lost or stolen vehicle? Quick Care may help with vehicle tracking.

## Safety

Learn safer driving habits by checking your driving score and learning where you can improve. Teen drivers? You can monitor their driving behaviors such as hard braking and speeding. You can also set curfews and create virtual boundaries, called geofencing, and receive alerts when drivers go outside that radius.

## You're in control

Control what you pay for auto insurance through your driving habits. No more being rated on things like age, marital status and occupation.

I've said yes. **Now what?**

## Email

Once you set up your account and electronically sign all policy documents, you'll receive a series of State Auto Safety 360 welcome emails messages.

## Set-up

The package and a series of email messages will contain information on how to install the device, set up your Safety 360 account and access your driving score.

## Shipping

The device will be mailed to your home in 7 to 10 days.

## Learning

Check out more resources and watch our install video on [StateAuto.com/Safety360](http://StateAuto.com/Safety360).

## Score

Check your driving score and habits on our online [portal](#).

## Savings

Earn safer driver scores and start saving!

Safe driving begins with **State Auto Safety 360.**

MK-1069-1018

\*Safety 360 is available for new auto policies written on our Connect platform. Availability and discounts vary by state. Unless the device needs to be removed for vehicle diagnostic testing, it remains installed at all times. Accident notifications won't transmit to our CARE team unless registered by the device. This can be caused by: a low GPS signal, a minor impact, the vehicle was turned off when hit, or your vehicle was side swiped.

This brochure is intended for general information purposes only and is not an insurance policy. Coverages described are subject to definitions, limitations and conditions. Read the policy forms and endorsements for details. Eligibility, coverages, discounts and benefits may vary by state.
