

ACCIDENT SCENE CHECKLIST

Accidents can be upsetting and unnerving, even for the most seasoned drivers. Let us guide you through some steps you can take to stay safe and take quick action to get you back on the road.

Safety is the top priority

- Check for injuries
- Move to a safe location
- Don't discuss fault
- Call the police

If safe, take photos of the following:

- Scene of the accident (intersections, street signs, mile markers etc)
- Damage to property or other vehicles

Gather these accident details:

- Insurance Info of those involved
- Name, phone number & email address of those involved, including witnesses.
- Year, make, model & license plate of those involved.
- Police Report Info
